

45. German Packaging Award

Willkommen. Beim Who's who der besten Ideen. Seien Sie dabei!

Profile	<p>The established German Packaging Award makes the benefits of packaging for society visible and promotes innovations in various categories. Companies, institutions and individuals from Germany and abroad are welcome to participate. The organizer of the competition is the German Packaging Institute. Entries are judged by an independent jury. The competition languages are German and English.</p>
Dates	<p>08.02.-15.05.2022 Submission phase Register under www.packagingaward.de</p> <p>23.-24.06.2022 Jury session (not public)</p> <p>23.08.2022 Public announcement of the winners</p> <p>27.09.2022 Award ceremony with ceremony of the Gold Awards</p>
Participation fee	<p>Regular entrants pay EUR 500 for the first entry and EUR 400 for each additional entry (excl. VAT). Participation is free of charge for the category Special Award Young talents and for start-ups. Young talents and start-up participants only bear the postage costs for their submitted solutions. The return costs are covered by the dvi.</p>
Packaging Award & Gold Award	<p>Participants can choose from ten categories to submit their products, prototypes or mockups. Submission in several categories is also possible. The registrations are made one after the other. Packaging prizes are awarded for each category without ranking. The jury consists of a broad-based panel of experts from economic, research, education and the media. They review all entries at a two-day meeting with our premium partner IGEPA group according to clear evaluation criteria. For particularly outstanding innovations, the jury also awards the German Packaging Award in Gold (Gold Award).</p>

Special Awards

Thanks to our premium partner FACHPACK we award special prizes up to EUR 1,000 to the winners in the category Young talents.

This year we are glad to welcome Packaging Valley, which is premium partner for the category Sustainability.

Competition categories

The ten categories of the competition are the right setting for every solution and innovation. You can choose to submit your submission in one or more categories. Clear evaluation criteria always give you the best conditions to shine. The evaluation criteria can be found [here](#). Submissions can be made in the following categories:

Design & processing // Functionality & convenience // Presentation of goods // Economic efficiency // Sustainability // Logistics and material flow // New material // Digitalization // Packaging machines (technology, software) // Special Award Young talents (packaging concepts by pupils, trainees, students)
